Selling HP Networking Solutions and Services

Exam description

This exam tests your skills on selling HP networking products and solutions.

Who should take this exam?

The exam is for HP partners and salespeople who recommend and sell HP networking products and solutions in the midmarket.
Exams are based on an assumed level of industry-standard knowledge that may be gained from the training, hands on experience, or other prerequisite events.

Exam contents

This exam has 40 questions. Here are types of questions to expect:

- Multiple choice (multiple responses)
- Multiple choice (single response)

Tips for taking this exam

You are not required to take the recommended, supporting courses; and completion of training does not guarantee that you will pass the exam. HP strongly recommends a combination of training, thorough review of courseware and additional study references, and sufficient on the job experience prior to taking the exam.

Supporting courses

These recommended courses help you prepare for the exam:

Additional study materials

- Study Guide: HP Sales Certified - Networking Solutions and Services [2014]
