

Aruba Certified ClearPass Professional (ACCP)

The Aruba Certified ClearPass Professional (ACCP) certification validates that you can design and integrate networks that use ClearPass products. This certification validates your ability to configure ClearPass for policy and guest management, posture, profiling, onboarding.

This certification verifies that you are able to:

- Scope ClearPass licensing requirements
- Configure ClearPass services, enforcement policies and enforcement profiles
- Integrate external servers with ClearPass products
- Monitor & Troubleshoot using the Access Tracker, Logging and Policy simulation
- Configure the Insight reporting tool, ClearPass Guest, MAC Caching, Posture, device profiling and onboarding
- Setup admin operations using TACACS+ with ClearPass
- Design & configure multiple-server ClearPass deployments including redundancy

Why Earn This Certification?

Earn this certification to:

- Position yourself as a trusted team member who can contribute to the design and implementation of Authentication and policy enforcement using Aruba ClearPass Policy manager.
- Advance your career as an Aruba Certified ClearPass Professional (ACCP) who understands how to design and implement ClearPass for Mobile First Networking

Candidate

Typical candidates for this certification are networking IT professionals with a minimum of one to two years experience in deploying network solutions for the enterprise.

Skill Level

Expert

Steps to acquire this certification

Before You Begin:

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Do You Qualify For An Upgrade Path?

There are no upgrade paths available for this certification.

Step 2: Register Or Apply For This Certification

[Register for this certification in The Learning Center](#)

Step 3: Verify And Complete All Prerequisites And Requirements For Your Chosen Path:

WBT = Web Based

ILT = Instructor Led

VILT = Virtual Instructor Led

VCR - Virtual Class Recorded

SCA = Special Course or Activity

Certification achieved

Three to five days after you complete all requirements, you receive an email notification. Then your status in The Learning Center becomes “acquired”.

If you renewed this certification through a recertification path, you will also recertify any lower level certifications you achieved within the same domain. Example: Renewal of ACMX will renew ACMP and ACMA. All renewed certifications from the one renewal path will have the same new expiration date.

If you renewed this certification by completing the Edge certification or the Edge recertification path at any level (Associate/Professional/Expert), this will renew all certifications you achieved at that same level and any lower levels you have achieved. Example: ACEP renews ACMP, ACSP, ACCP, ACDP etc. and any Associate level you already achieved. All renewed certifications from the Edge certification or recertification path will have the same new expiration date.

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
