

Aruba Certified ClearPass Professional (ACCP) V6.5

The Aruba Certified ClearPass Professional (ACCP) V6.5 certification validates that you can design and integrate networks that use ClearPass products. This certification validates your ability to configure ClearPass for policy and guest management, posture, profiling, onboarding.

This certification verifies that you are able to:

- Scope ClearPass licensing requirements
- Configure ClearPass services, enforcement policies and enforcement profiles
- Integrate external servers with ClearPass products
- Monitor & Troubleshoot using the Access Tracker, Logging and Policy simulation
- Configure the Insight reporting tool, ClearPass Guest, MAC Caching, Posture, device profiling and onboarding
- Setup admin operations using TACACS+ with ClearPass
- Design & configure multiple-server ClearPass deployments including redundancy

Why Earn This Certification?

Earn this certification to:

- Position yourself as a trusted team member who can contribute to the design and implementation of Authentication and policy enforcement using Aruba ClearPass Policy manager.
- Advance your career as an Aruba Certified ClearPass Professional (ACCP) who understands how to design and implement ClearPass for Mobile First Networking

Candidate

Typical candidates for this certification are networking IT professionals with a minimum of one to two years experience in deploying network solutions for the enterprise.

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
