

## Aruba Certified ClearPass Expert (ACCX)

The Aruba Certified ClearPass Expert (ACCX) certification validates that candidates are able to design, configure and troubleshoot various ClearPass products commonly used in large scale customer deployments. This includes the ClearPass Policy manager, Guest, Profiling, Onboarding, Onguard, Posture, Clustering, Redundancy and external server integration.

This certification validates that you:

- Understand how to add and manage NAD in ClearPass
- Understand ClearPass services, policies and enforcement profiles
- Understand how to integrate and use AD in ClearPass
- Know how to use Access Tracker for handling authentication issues
- Can work with ClearPass guest accounts, web login pages and self-registration pages
- Understand Guest services and configuring Aruba Controller for guest authentication
- Understand health check process posture tokens
- Understand device profiling and attribute collectors
- Understand device on-boarding process and deployment
- Understand on-boarding services and single & dual SSID on-boarding

### Why Earn This Certification?

Earn this certification to:

- Position yourself as an expert integrator capable of integrating ClearPass in complex deployments
- Demonstrate your ability to design, deploy and troubleshoot ClearPass products to support enterprise business requirements
- Enhance your career and job satisfaction as an Aruba Certified ClearPass Expert

### Candidate

Typical candidates for this certification are networking IT professionals with a minimum of three to five years experience in designing and integrating complex enterprise-level mobile first networks. Successful candidates have familiarity with integrating ClearPass Policy manager, Guest, Onboarding, Onguard, Profiling and Posture in multi-server ClearPass deployments.

### Skill Level

Master

### Steps to acquire this certification

#### Before You Begin:

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

#### Step 1: Do You Qualify For An Upgrade Path?

There are no upgrade paths available for this certification.

#### Step 2: Register Or Apply For This Certification

Register for this certification in [The Learning Center](#)

#### Step 3: Verify And Complete All Prerequisites And Requirements For Your Chosen Path:

#### Requirements for candidates new to this certification

There are no prerequisites for this path.

**Certification achieved**

Three to five days after you complete all requirements, you receive an email notification. Then your status in The Learning Center becomes “acquired”.

If you renewed this certification through a recertification path, you will also recertify any lower level certifications you achieved within the same domain. Example: Renewal of ACMX will renew ACMP and ACMA. All renewed certifications from the one renewal path will have the same new expiration date.

If you renewed this certification by completing the Edge certification or the Edge recertification path at any level (Associate/Professional/Expert), this will renew all certifications you achieved at that same level and any lower levels you have achieved. Example: ACEP renews ACMP, ACSP, ACCP, ACDP etc. and any Associate level you already achieved. All renewed certifications from the Edge certification or recertification path will have the same new expiration date.

**Digital Badge**

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
