

Aruba Certified Mobility Professional (ACMP) V8b

This certification validates that you have the networking knowledge and skills required to implement, configure and manage advanced Aruba Wireless Local Area Network (WLAN) enterprise solutions utilizing the V8 operating system (AOS8) architecture and features.

This certification validates knowledge and skills in these key areas and more:

- Configuring and using the Mobility Master for consolidated network management
- Uses and advantages of clustering
- Redundancy and providing user seamless failover
- Utilizing MultiZone to have multiple and separate secure networks while using the same Access Point (AP)
- Utilizing secure Tunneled Node for wired switches
- Utilizing AirWave to monitor the health of the wired and wireless network
- Troubleshooting devices, users and applications on Aruba Mobile First networks

Why Earn This Certification?

- Position yourself as a trusted team member who can contribute to the design, deployment and management of the latest Aruba Mobile First Network solutions
- Demonstrate your ability to implement and manage Mobile First Networking solutions utilizing advances and innovations from AOS8
- Advance your career as a Aruba Certified Mobility Professional (ACMP) who is proficient at building Mobile First Networks.

Candidate

Typical candidates for this certification are networking IT professionals with a minimum of one to two years experience in deploying network solutions for the enterprise.

Skill Level

Expert

Steps to acquire this certification

Before You Begin:

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). Then create a profile with Pearson VUE, our exam delivery vendor. [Learn how in the Learning Center Assist Kit.](#)

Step 1: Do You Qualify For An Upgrade Path?

- Aruba Certified Mobility Professional (ACMP) V8b - upgrade from Aruba Certified Mobility Professional (ACMP) previous versions (inactive)
- Aruba Certified Mobility Professional (ACMP) V8b - upgrade from Cisco (inactive)

Step 2: Register Or Apply For This Certification

[Register for this certification in The Learning Center](#)

Step 3: Verify And Complete All Prerequisites And Requirements For Your Chosen Path:

Requirement Path 1

There are no prerequisites for this path.

Complete:

Exam #	Exam name	Register for exam
HPE6-A44	Scalable WLAN Design and Implementation (SWDI) 8 (inactive)	N/A

Recommended Training:

None

Certification achieved

Three to five days after you complete all requirements, you receive an email notification. Then your status in The Learning Center becomes "acquired". Track your training and certification progress through your transcripts in The Learning Center.

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
