

Aruba Certified Switching Associate (ACSA) V1

The Aruba Certified Switching Associate (ACSA) V1 certification validates that you have the fundamental skills to configure and manage modern, open standards-based networking solutions for small-to-midsized businesses (SMBs) and campus networks.

This certification validates your skills on the networking fundamentals of ArubaOS switches and file structures including VLANs, secure access, redundancy technologies, and Aruba's Virtual Switching Framework (VSF). It verifies your ability to deploy Aruba wireless Access Points and configure Aruba Instant Access Point (IAP) Clustering technology. This certification also validates you know how to configure, manage and monitor network deployments with the Aruba AirWave management solution.

Why Earn This Certification?

Earn this certification to:

- Elevate yourself as a trusted team member who contributes to the design, deployment and management of modern Aruba Mobile First Network solutions
- Advance your career as a Aruba Certified Switching Associate who understands how to apply Aruba Switching Fundamentals for Mobility
- Enhance your job satisfaction with an Aruba technical certification

Candidate

Ideal candidates for this certification are networking IT professionals with a minimum of six months experience in deploying small-to-medium scale network solutions.

Skill Level

Professional

Certification achieved

Three to five days after you complete all requirements, you receive an email notification. Then your status in The Learning Center becomes "acquired". Track your training and certification progress through your transcripts in The Learning Center.

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
