

HPE Product Certified - Aruba IntroSpect Specialist [2019]

This certification verifies that you can plan & implement an enterprise security solution using Aruba IntroSpect. This includes

- Integrating and monitoring wired & wireless networks into the product
- Configuration and integration with ClearPass as well as other network servers
- Configuration of log sources to monitor network traffic & authentication
- Conducting threat hunting and evaluation of the analytics provided by User & Entity Behavior Analytics (UEBA)
- Leveraging Aruba’s best practices in establishing a security monitoring infrastructure
- Assess client security requirements and design a monitoring solution to meet them
- Integrate IntroSpect into campus LAN, WLAN, & multi-site environments

Why earn this certification?

The HPE Product Certified - Aruba IntroSpect Specialist [2019] certification tells customers that you

- Have the skills and knowledge to plan & implement an enterprise security solution using Aruba IntroSpect
- Understand how Aruba IntroSpect detects attacks by spotting small changes in behavior
- Know how to integrate and monitoring wired/wireless networks using IntroSpect
- Know how to configure the system and integration with ClearPass and other network servers
- Are a certified Aruba professional

Candidate

Typical candidates for this course are Aruba implementation partners who will be installing IntroSpect into customer networks or customer Administrators and Network Architects who will design and plan and maintain the IntroSpect system.

Foundational

Steps to acquire this certification

Before you begin:

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). Then create a profile with Pearson VUE, our exam delivery vendor. [Learn how in the Learning Center Assist Kit.](#)

Step 1: Do you qualify for an upgrade path?

There are no upgrade paths available for this certification.

Step 2: Register or apply for this certification

[Register for this certification in The Learning Center](#)

Step 3: Verify or complete prerequisites

There are no prerequisites required for this certification. Go to Step 4.

Step 4: Complete recommended training

Training is highly recommended. Training helps you pass the exam. Training is not required for most certifications.

Course #	Course Name	Format - Typical duration	Register for course
Training for Exam HPE2-W05: Implementing Aruba IntroSpect			
01121644	01121644: Implementing Aruba IntroSpect, Rev. 18.41	ILT - 3 days VILT - 3 days	Register

Step 5: Pass the required exams

Complete:

Exam #	Exam name	Register for exam
HPE2-W05	Implementing Aruba IntroSpect	Register

Certification achieved

Three to five days after you complete all requirements, you receive an email notification. Then your status in The Learning Center becomes "acquired". Track your training and certification progress through your transcripts in The Learning Center.

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
