

HPE Master ASE - Hybrid IT Solutions Architect V1

This certification validates that you can plan and design advanced HPE Hybrid-IT solutions based on industry-standard workloads and their characteristics as they relate to optimizing for performance and/or availability. Hands-on labs and activities will guide you through complex design exercises using skills such as, information gathering, and analyzing customer business and technical requirements. You will learn to recommend and position HPE Hybrid IT products, solutions, tools, and appropriate services for customer use cases. Finally, you will architect and design an HPE solution based on customer needs and then demonstrate and present the solution.

Why Earn This Certification?

- Plan and design advanced HPE Hybrid-IT solutions based on industry-standard workloads and their characteristics as they relate to optimizing for performance and/or availability.
- Learn complex design skills such as information gathering, analyzing customer business and technical requirements.
- Learn to recommend and position HPE Hybrid IT products, solutions, tools, and appropriate services for customer use cases.
- Architect and design an HPE solution based on customer needs and then demonstrate and present the solution.

Candidate

Typical candidates for this certification have seven to ten years design and implementation experience with infrastructure solutions for specific workloads to achieve customer business outcomes. This experience includes architecting server, storage, networking, and management offerings to optimize resiliency, availability, performance, and manageability of those workloads.

Skill Level

Master

Steps to acquire this certification

Before You Begin:

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). Then create a profile with Pearson VUE, our exam delivery vendor. [Learn how in the Learning Center Assist Kit](#).

Step 1: Do You Qualify For An Upgrade Path?

- [HPE Master ASE - Hybrid IT Solutions Architect V1 - upgrade from other Master ASE certifications](#)

Step 2: Register Or Apply For This Certification

[Register for this certification in The Learning Center](#)

Step 3: Verify And Complete All Prerequisites And Requirements For Your Chosen Path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Requirement 1 - Complete:

Exam #	Exam name	Register for exam
HPE1-H01	Designing HPE Advanced Hybrid IT Solutions	Register

Recommended Training:

Course #	Course Name	Format - Typical duration	Register for course
Training for Exam HPE1-H01: Designing HPE Advanced Hybrid IT Solutions			
01123303	Designing HPE Advanced Hybrid IT Solutions, Rev. 19.41	VILT - 5 days ILT - 5 days	Register

WBT = Web Based

ILT = Instructor Led

VILT = Virtual Instructor Led

VCR - Virtual Class Recorded

SCA = Special Course or Activity

Requirement 2 - Complete:

Exam #	Exam name	Register for exam
HPE0-V13	Designing HPE Software-Defined Infrastructure Solutions	Register

Recommended Training:

Course #	Course Name	Format - Typical duration	Register for course
Training for Exam HPE0-V13: Designing HPE Software-Defined Infrastructure Solutions			
01125004	Designing HPE Software-Defined Infrastructure Solutions, Rev. 19.41	WBT - 3 days	Register

WBT = Web Based

ILT = Instructor Led

VILT = Virtual Instructor Led

VCR - Virtual Class Recorded

SCA = Special Course or Activity

Certification achieved

Three to five days after you complete all requirements, you receive an email notification. Then your status in The Learning Center becomes “acquired”. If you achieved this certification, you also achieve:

- [HPE ASE - Hybrid IT Solutions Architect V1](#)
- [HPE ATP - Hybrid IT Solutions V2](#)

Track your training and certification progress through your transcripts in the Learning Center.

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
