HPE Advanced Product Certified - Comware

This certification verifies that you have the knowledge of basic and advanced HPE Networking Comware architecture:

- Layer 2 technologies, including Multiple Instance Spanning Tree (MSTP) and Link Aggregation (Trunks)
- Layer 3 technologies, including static routes, Open Shortest Path First (OSPF) with Multi-Area implementations, and Border Gateway Protocol (BGP)
- Multicast solutions leveraging protocol-independent Multicast (PIM) in both dense and sparse modes

Why earn this certification?

- Elevate yourself as a trusted IT professional who has an in-depth knowledge of basic and advanced HPE Networking Comware architecture.
- Help your customers unlock new levels of network performance, reliability, and scalability across data center, campus, and branch with HPE Networking Comware solutions.
- Advance your career as a Certified Professional who understands and implements a modern approach to meet the challenges cloud, networking, mobility, and intelligent edge bring.

Candidate

Typical candidates for this certification are network or systems administrators, network engineers, or consultants who deploy HPE Networking Comware switches into a new or existing .network.

Skill level

Technical

Steps to acquire this certification

Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Complete:

Exam #	Exam name	Register for exam
HPE6-A89	HPE Networking Comware Exam	Register

Recommended Training

Course #	Course Name	Format - Typical duration	Register for course
Training for Exam HPE6-A89: HPE Networking Comware Exam			
0001211542	HPE Networking Comware Switch Implementation and Configuration, Rev. 25.11	WBT - 5 days	Register

WBT = Web Based ILT = Instructor Led VILT = Virtual Instructor Led VCR - Virtual Class Recorded SCA = Special Course or Activity

Requirements for recertification

You must have:

- HPE Advanced Product Certified - Comware

Complete:

Exam #	Exam name	Register for exam
HPE6-A89	HPE Networking Comware Exam	Register

Recommended Training

Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
