HPE Advanced Product

HPE Morpheus Administrator

Certified

HPE Advanced Product Certified – HPE Morpheus Administrator

This certification verifies that you have knowledge of standard Morpheus Administration practices and can manage the core platform operations effectively. Your understanding of the Morpheus platform includes:

- Morpheus installation, maintenance, and configuration processes
- Morpheus RBAC and fundamental provisioning concepts such as Instances, Layouts, Node Types, Virtual Images, Hosts, and Servers and Apps
- Morpheus tenancy and Morpheus Blueprints to provision applications and Infrastructure as Code (IaC) workflows
- Morpheus built-in logging and monitoring capabilities
- Morpheus Service plans

Why earn this certification?

- Elevate yourself as a trusted IT professional who has the foundational knowledge of standard Morpheus Administration practices.
- Advance your career as a Certified Professional who understands and manages a modern approach to meet the challenges cloud, mobility, and intelligent edge bring.

Candidate

Typical candidates for this certification are partners, customers, and HPE team members in a presales architect or consulting role who plan and design complex HPE solutions.

Skill level

Technical

Steps to acquire this certification

Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
