HPE ASE – Hybrid IT Solutions Architect V1

This certification verifies that you can plan, design, recommend, and demonstrate HPE Hybrid IT solutions and deliver a proof-of-concept for a given solution to a customer. As a solution architect, you will focus on the right HPE solutions to deliver the customer's desired business outcome. You will leverage HPE compute, data center networking, storage, software-defined and cloud, hyperconverged, density, and mission critical solutions.

Additionally, this certification validates that you:
- Understand why customers are shifting to a Hybrid approach
- How to architect and design Hybrid IT solutions
- Recommend HPE compute, data center networking, storage, software-defined and cloud, hyperconverged, density, and mission critical solutions for customer use cases
- Can validate and present the solution

Why earn this certification?

You will be able to
- Describe, differentiate, and apply industry standard architectures and technologies.
- Gather and analyze customer business and technical requirements
- Recommend and position HPE Hybrid IT products, solutions, tools, and appropriate services for customer use cases
- Architect and design an HPE solution based on customer needs
- Present and demonstrate the solution to the customer

Candidate

Typical candidates for this certification have a minimum of three years of design and/or operational experience or equivalent in at least one of the core HPE areas (Server, Storage, and Networking) and six months design and/or operational experience or equivalent in other HPE solutions and technologies.

Steps to acquire this certification

Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:
