

HPE ATP – Hybrid IT Solutions V2

This certification validates that you can identify, describe, configure and manage foundational HPE data center solutions centered around storage, networking and servers including HPE ProLiant Gen10, 3Par, Nimble and OneView infrastructure management. Additionally this certification validates you can:

- Evaluate customer requirements and recommend the best solution for current and anticipated business needs
- Describe the HPE data center strategy
- Design and manage HPE server, storage and networking solutions that are ideal for small to medium sized business (SMB) enterprises

Please note: It is highly recommended that all students prepare for the certification exam by first reviewing the associated 4 hour WBT product training, then proceeding to the ILT training. Exam questions include content covered in both the WBT and the ILT.

Why earn this certification?

- To fill the skills gap that businesses are looking for as they seek data center and hybrid infrastructure expertise
- To validate your knowledge of HPE data center solutions spanning servers, networking and storage
- To advance your career as a certified professional
- To maintain HPE Partnership benefits

Candidate

Typical candidates for this certification are presales IT professionals who plan, design or manage data centers.

Professional

Steps to acquire this certification

Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Complete:

Exam #	Exam name	Register for exam

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
