Aruba Certified Edge Expert (ACEX)

The Aruba Certified Edge Expert certification replaces the legacy Aruba Mobility First Expert certification. This certification validates that you have achieved three expert level Aruba certifications. As an Aruba Edge Expert you have demonstrated the knowledge and skills required for an Aruba certified individual at the expert level in at least three of the following areas:

- Mobility
- Design
- ClearPass
- Switching
- Security
- Campus Access

This certification validates that you:

- Have completed at least three Aruba certifications at the expert level
- Have comprehensive knowledge in multiple areas of Aruba products and services, including Mobility, Design, ClearPass, Switching and/or Security
- Have the knowledge and skills necessary for an Aruba Certified Expert

Why earn this certification?

Earn this certification to:
· To differentiate yourself as the expert who can demonstrate a broad range of skills on Aruba's industry leading technologies.
· To validate your expert knowledge and skills on a wide range of Aruba products and solutions.
· To advance your career as an Aruba certified expert
· To simplify recertification requirements by reducing the number of exams required to recertify from 2-3 to 1 Edge Expert exam

Candidate

Typical candidates for this certification are networking IT professionals with a minimum of three years' experience in Aruba products and services.

Steps to acquire this certification

Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
