Certification Data Sheet

HPE Aruba Certified Network Architect – Campus Access

This certification verifies that you can interpret technical requirements to create and design secure, redundant, scalable, resilient, or high-performing HPE Aruba Networking Campus Access infrastructure consistent with appropriate validated solution guides per business needs. Earning this certification validates your ability to translate complex requirements and constraints into an optimal HPE Aruba Networking solution, enabling you to:

- Articulate the business value to multiple stakeholders
- Provide proficiency in designing HPE Aruba Networking Campus Access solutions that are secure, redundant, scalable and resilient
- Use your knowledge of the appropriate validated solution guide to meet the customer's business needs

Save up to 45% on this certification with HPE Certification Advantage Program.

Why earn this certification?

- 1. Position yourself as a trusted member who can expertly architect and design high-performing infrastructures.
- 2. Demonstrate that you can translate complex requirements and constraints that meet customer requirements.
- 3. Enhance your career and knowledge with an HPE Aruba Networking certification.

Candidate

Typical candidates are senior technical professionals such as principal engineers, network consultants, or presales consultants. Candidates have vast technical knowledge of the products & solutions that may require a migration and/or deployment strategy from/into an existing architecture. They also have extensive experience building solutions & optimizing applications in a campus environment.

Skill level

Expert

Steps to acquire this certification

Before you begin

Acquire access to <u>The Learning Center</u> and get an <u>HPE Learner ID</u>. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

<u>Register for this certification in The Learning Center</u>. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidate new to this certification

Digital Badge

Based on the <u>Open Badges Standard</u>, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. <u>Click here</u> for more information on HPE digital badges.
