

Aruba Certified Switching Associate (ACSA)

The Aruba Certified Switching Associate (ACSA) certification validates that you have the fundamental skills to configure and manage modern, open standards-based networking solutions for small-to-midsized businesses (SMBs) and campus networks.

This certification validates your skills on the networking fundamentals of ArubaOS-CX switches and file structures including VLANs, secure access, redundancy technologies, and Aruba's Virtual Switching Framework (VSF). It verifies your ability to deploy Aruba wired networking technologies. This certification also validates that you know how to configure, manage and monitor network deployments with the Aruba management solutions.

Why earn this certification?

Earn this certification to:

- Elevate yourself as a trusted team member who contributes to the design, deployment and management of modern Aruba network solutions
- Advance your career as a Aruba Certified Switching Associate who understands how to apply Aruba Switching Fundamentals for networks with offering wired and wireless access
- Enhance your job satisfaction with an Aruba technical certification

Candidate

Ideal candidates for this certification are networking IT professionals with a minimum of six months experience in deploying small-to-medium scale network solutions.

Skill level

Professional

Steps to acquire this certification

Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

Certification	Aruba-ACEA	Aruba Certified Edge Associate (ACEA) (inactive)	N/A

Recommended Training

None

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
