

# Aruba Certified Switching Professional (ACSP)

This certification validates you can implement and operate enterprise-level Aruba campus switching solutions.

Specifically, it validates your knowledge of these topics and more:

- Implementing ArubaOS-CX switches including securing access, redundancy technologies, link aggregation techniques and switch virtualization with HPE's Virtual Switching Framework
- Configuring dynamic routing with Open Shortest Path First (OSPF) and Border Gateway Protocol (BGP)
- IP multicast routing
- Network optimization incorporating Quality of Service (QoS) priorities
- Protecting the network using Access Control Lists (ACLs) and other security measures

## Why earn this certification?

- Elevate yourself as a trusted team member who can successfully implement enterprise-grade Aruba campus switching solutions
- Advance your career as a Certified Professional who understands and can implement a modern approach to meet the challenges cloud, mobility, and the intelligent edge bring

## Candidate

Typical candidates for this certification are networking IT professionals with a minimum of 1 years' experience deploying enterprise level network solutions.

## Skill level

Expert

## Steps to acquire this certification

### Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

### Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

### Step 2: Verify and complete all prerequisites and requirements for your chosen path:

#### Requirements for candidates new to this certification

You must have:

- Aruba Certified Switching Associate (ACSA) (inactive)

Complete 1 of these:

Recommended Training

None

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
