

Aruba Certified Switching Expert (ACSX)

This certification verifies that you have the expert level skills needed to implement Aruba wired switching solutions, including the ability to implement and optimize enterprise-level Aruba Switching campus LAN solutions. You will also have the knowledge to:

- Resolve issues related to implementation and ongoing support
- Perform protocol level analysis, and problem resolution (e.g. analyzing the interaction between multiple devices using packet traces)
- Troubleshoot, and optimize multi-vendor network solutions

Why earn this certification?

- Position yourself as a switching expert in advanced Aruba wired switching solutions, including the ability to implement and optimize enterprise-level Aruba Switching campus LAN solutions.
- Demonstrate that you can implement complex network architectures and customer requirements to monitor, troubleshoot, and optimize multi-vendor network solutions.
- Enhance your career and job satisfaction as an Aruba Certified Switching Expert (ACSX), the highest level certification from Aruba.

Candidate

The typical candidate will ideally have more than 5 years of advanced networking experience focused on interpreting complex network architectures and customer requirements to implement, monitor, troubleshoot, and optimize multi-vendor network solutions. The successful candidate is very familiar with Aruba wired switching solutions.

Skill level

Master

Steps to acquire this certification

Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Requirement 1 – Complete:

| Exam # | Exam name | Register for exam |
|----------|--|-------------------|
| HPE6-A69 | Aruba Certified Switching Expert Written Exam (inactive) | N/A |

Recommended Training

None

Requirement 2 – Complete:

| Exam # | Exam name | Register for exam |
|----------|--|-------------------|
| HPE4-A31 | Aruba Certified Switching Expert Practical Exam (inactive) | N/A |

Recommended Training

None

Requirements for recertification

You must have:

- Aruba Certified Switching Expert (ACSX) (inactive)

Complete 1 of these:

| Item Type | Item # | Item name | Register for item |
|---------------|------------|--|-------------------|
| Exam | HPE6-A69 | Aruba Certified Switching Expert Written Exam (inactive) | N/A |
| Certification | Aruba-ACEX | Aruba Certified Edge Expert (ACEX) (inactive) | N/A |

Recommended Training

None

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
