HPE Master ASE – Edge-to-Cloud Architect V1

As a presales architect, this certification verifies that you can translate business requirements from a customer into complex, multi-site, or highly-customized integration of HPE solutions considering all available consumption models and hosting locations. You are able to interpret customer requirements with a consultative approach and drive discussions about business outcomes and financial implications of the solution. This certification qualifies for the HPE Master ASE Advantage program, an HPE Tech Pro exclusive offer.

Why earn this certification?

- Describe, differentiate, and apply IT industry trends, standard architectures, technologies, and cloud delivery models.
- Gather and analyze customer business and technical requirements.
- Recommend and position HPE offerings for customer use cases.
- Architect and design an HPE solution based on customer needs.
- Present and demonstrate the solution to the customer and coordinate implementation planning.

Candidate

Ideal candidates are architects with at least five years of experience. They are HPE partners and employees in a presales architect or consulting role who plan/design/integrate and install complex HPE solutions for Enterprise customers. They can scope and architect solutions for the full edge-to-cloud service experience, including all HPE technologies.

Skill level

Master

Steps to acquire this certification

Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Requirement 1 – Complete:

Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
