

# HPE Master ASE – Hybrid IT Solutions Architect V1 (inactive on February 01, 2023)

This certification validates that you can plan and design advanced HPE Hybrid-IT solutions based on industry-standard workloads and their characteristics as they relate to optimizing for performance and/or availability. Hands-on labs and activities will guide you through complex design exercises using skills such as, information gathering, and analyzing customer business and technical requirements. You will learn to recommend and position HPE Hybrid IT products, solutions, tools, and appropriate services for customer use cases. Finally, you will design an HPE solution based on customer needs. Note that the exam includes a practical element in a mock-customer environment requiring the use of equipment and resources to perform certain tasks. This certification qualifies for the [HPE Master ASE Advantage program](#), an HPE Tech Pro exclusive offer.

## Why earn this certification?

- Plan and design advanced HPE Hybrid-IT solutions based on industry-standard workloads and their characteristics as they relate to optimizing for performance and/or availability.
- Learn complex design skills such as information gathering, analyzing customer business and technical requirements.
- Learn to recommend and position HPE Hybrid IT products, solutions, tools, and appropriate services for customer use cases.
- Architect and design an HPE solution based on customer needs and then demonstrate and present the solution.

## Candidate

Typical candidates for this certification have seven to ten years design and implementation experience with infrastructure solutions for specific workloads to achieve customer business outcomes. This experience includes architecting server, storage, networking, and management offerings to optimize resiliency, availability, performance, and manageability of those workloads.

## Steps to acquire this certification

### Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

### Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.
