HPE Master ASE – Storage Solutions V4

This certification is for those who specialize in storage, performs as an architect and also provides integration and installation. If you are a pure Architect, you should move to the HPE Master ASE – Edge-to-Cloud Architect V1. This HPE Master ASE – Storage Solutions certification validates that you can design and deliver a complete and supported multi-site, multi-array and/or complex storage solution that meets customer requirements. You will be able to describe, evaluate, and apply advanced storage architectures and technologies and evaluate HPE Storage portfolio and associated service offerings and apply to complex customer use cases. You will also be able to validate the installation, configuration, and setup of complex HPE Storage solutions along with being able to manage, monitor, administer, and operate multi-site or complex HPE Storage solutions. This certification qualifies for the HPE Master ASE Advantage program, an HPE Tech Pro exclusive offer.

Why earn this certification?

- To differentiate yourself as a master storage technologist by holding one of HPE's most distinguished certifications.
- To maximize your credibility as a knowledgeable expert in the latest storage technologies, including 3PAR and Nimble
- To demonstrate your ability to design enterprise, multi-site complex storage solutions that reduce cost and risk while increasing performance and value.
- To establish a competitive advantage with HPE's highest storage credential that sets you apart as an IT trusted advisor who optimally deploys complex storage solutions.
- To advance your career and enhance your job satisfaction as an HPE Master Accredited Solutions Expert.
- To become a part of the elite community of HPE Master ASE Storage professionals with access to HPE technical experts and exclusive special events.

Candidate

Typical candidates for this certification have seven to ten years design and implementation experience with complex storage solutions to achieve customer business outcomes. Successful candidates will need to draw on a combination of design expertise and practical skills from personal experience in the field.

Skill level

Master

Steps to acquire this certification

Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Requirement 1 – Complete:

Exam #	Exam name	Register for exam
HPE1–H03	Advanced HPE Storage Solutions	Register

Recommended Training

Course #	Course Name	Format – Typical duration	Register for course
Training for Exam HPE1–H03: Advanced HPE Storage Solutions			
0001207681	Advanced HPE Storage Solutions, Rev. 25.11	ILT – 5 days VILT – 5 days	Register

WBT = Web Based   ILT = Instructor Led   VILT = Virtual Instructor Led   VCR – Virtual Class Recorded   SCA = Special Course or Activity

Requirement 2 – Complete 1 of these:

Exam #	Exam name	Register for exam
HPE0–V16	Creating HPE Virtual Desktop Infrastructure Solutions (inactive)	N/A
HPE0–V17	Creating HPE Data Protection Solutions (inactive)	N/A
HPE0–V19	Creating HPE Real Time Analytics Solutions with SAP HANA (inactive)	N/A
HPE0–V21	Creating HPE VMware Solutions (inactive)	N/A
HPE0–V22	Creating HPE Microsoft Solutions (inactive)	N/A
HPE0–V23	Creating HPE Container Solutions (inactive)	N/A
HPE0–P27	Configuring HPE GreenLake Solutions (channel partners only) (inactive)	N/A
HPE0–V12	Designing HPE Hybrid Cloud Solutions (inactive)	N/A
HPE0–V13	Designing HPE Software–Defined Infrastructure Solutions (inactive)	N/A
HPE0–V20	Creating HPE Scale Out Storage Solutions (inactive)	N/A

Recommended Training
None

Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
