

HPE Product Certified – Cray AI Development Environment [2022]

This certification verifies that you can display competency in the use of the HPE Cray AI Development environment, including the ability to understand the challenges customers face in training Deep Learning models, describe how HPE Cray AI Development Environment fits in the market, and design and use HPE Cray AI Development Environment and System solutions.

Why earn this certification?

This certification validates that you:

- Understand Machine Learning (ML) and Deep Learning (DL) fundamentals
- Can articulate the business case for HPE Cray AI Development solutions
- Can describe the architecture for HPE Cray AI Development solutions
- Can demonstrate and explain how to use HPE Cray AI Development Environment
- Can engage with customers

Candidate

Typical candidates for this certification are those who will design and support solutions through the use of HPE's Cray AI Development environment to easily implement and train machine learning models by removing complexities, optimizing cost, and accelerating innovation.

Skill level

Foundational

Steps to acquire this certification

Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Complete:

Exam #	Exam name	Register for exam
HPE2-N69	Using HPE AI and Machine Learning (inactive)	N/A

Recommended Training

None

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
