

HPE Product Certified – OneView

This certification validates that you can describe, recommend, demonstrate, and configure HPE OneView converged infrastructure management solutions.

Additionally this certification validates that you can:

- Explain the HPE OneView 6.x architectural model, features and functions.
- Explain the benefits and strengths of integrated, converged management.
- Explain the benefits and strengths of HPE OneView security, automation, and proactive monitoring capabilities.
- Perform installation and setup processes.
- Configure various environments.
- Contribute knowledge of HPE OneView to server, storage, networking, data center and cloud solution design and product recommendations.

Why earn this certification?

- To validate you have the knowledge and skills necessary to recommend, demonstrate, install and configure HPE OneView.
- To validate you understand the benefits and strengths of converged infrastructure management within Hybrid IT environments.
- To help organizations maximize their investments in HPE products and solutions.
- To advance your career as a certified professional.
- To help you fulfill HPE Partner Ready specialization requirements.

Candidate

Typical candidates for this certification are consultants, sales engineers and presales technical engineers who recommend, design and demonstrate hybrid data center solutions across compute, storage, networking and cloud resources.

Skill level

Foundational

Steps to acquire this certification

Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Complete:

Exam #	Exam name	Register for exam

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
