

# HPE Product Certified - OneView

This certification validates that you can describe, recommend, demonstrate, and configure HPE OneView management solutions. Additionally, this certification validates that you can:

- Explain the HPE OneView 8.x architectural model, features and functions.
- Describe HPE OneView, its appliance installation and configuration process.
- Explain the HPE OneView for rack-mounted HPE ProLiant and HPE OneView integration points.
- Summarize the available storage management features in HPE OneView.
- Describe the HPE OneView for the HPE Synergy configuration process.

Save up to 45% on this certification with HPE Certification Advantage Program.

#### Why earn this certification?

- To validate you have the knowledge and skills necessary to recommend, demonstrate, install and configure HPE OneView.
- To verify you understand the benefits and strengths of HPE OneView management within Hybrid IT environments.
- To help your customers maximize their investments in HPE products and solutions.
- To advance your career as a certified professional.

#### Candidate

Typical candidates for this certification are anyone interested in recommending, designing, and demonstrating HPE OneView solution across compute, storage, networking, and cloud resources.

#### Skill level

Foundational

# Steps to acquire this certification Before you begin

Acquire access to <u>The Learning Center</u> and get an <u>HPE Learner ID</u>. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

#### Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

## Step 2: Verify and complete all prerequisites and requirements for your chosen path:

#### Requirements for candidates new to this certification

There are no prerequisites for this path.

# Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online-in LinkedIn, Twitter, your email signature, for example-clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
