

HPE Solution Certified – Containers

This certification verifies that you can expertly design container solutions on HPE, including:

- How HPE solutions integrate with third-party container solutions
- The advantages of running container solutions on HPE optimized infrastructure
- The benefits of HPE storage for containerized environments

Earning this certification will validate that you can:

- Identify and describe software-defined infrastructure technologies and requirements
- Describe the business cases for modernizing virtual infrastructures to include Hybrid IT and Containerization
- Architect solutions using containers, Hybrid IT, or modernizing virtual infrastructure
- Implement solutions optimized for performance and availability on HPE infrastructure leveraging HPE integration elements

Why earn this certification?

- To increase your credibility as an IT professional with Containers technological acumen.
- To differentiate yourself as an expert who can offer customers value using containers solutions on HPE.
- To advance your career and enhance your job satisfaction as an HPE Solutions Certified Expert in HPE solutions with containers.
- To become a part of a growing community of fellow HPE certified professionals who network and share best practices.

Candidate

Typical candidates for this certification are solution architects who have experience designing and implementing complex solutions and want to validate their skills to plan and design HPE container solutions. Candidates typically define business needs, propose, and may deploy the solution.

Skill level

Master

Steps to acquire this certification

Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Complete:

Exam #	Exam name	Register for exam
HPE2-B05	HPE Solutions with Containers	Register

Recommended Training

Course #	Course Name	Format – Typical duration	Register for course
Training for Exam HPE2-B05: HPE Solutions with Containers			
0001202136	HPE Solutions with Containers, Rev 23.31	WBT-PDF – 2 days 4 hours	Register

WBT = Web Based ILT = Instructor Led VILT = Virtual Instructor Led VCR – Virtual Class Recorded SCA = Special Course or Activity

Requirements for recertification

You must have:

- [HPE Solution Certified – Containers](#)

Complete:

Exam #	Exam name	Register for exam
HPE2-B05	HPE Solutions with Containers	Register

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
