HPE Solution Certified

Microsoft

Certified

HPE Solution Certified – Microsoft

This certification validates that you can expertly architect HPE solutions with Microsoft to help achieve customers' business outcomes. Earning this certification verifies that you can:

- Identify and describe Cloud concepts and technologies
- Describe the business case for HPE solutions for Microsoft Azure Stack HCI
- Architect and implement the solution

Save up to 45% on this certification with HPE Certification Advantage Program.

Why earn this certification?

- To increase your credibility as an IT professional with Microsoft technological acumen.
- To differentiate yourself as an expert who can offer customers value using HPE solutions with Microsoft.
- To advance your career and enhance your job satisfaction as an HPE Solutions Certified Expert in HPE solutions with Microsoft.
- To become a part of a growing community of fellow HPE certified professionals who network and share best practices.

Candidate

Typical candidates for this certification have a minimum of 3 years of experience designing and implementing complex HPE solutions that include Microsoft products, with a broad understanding of HPE with Microsoft to architect solutions that can help achieve customers' business outcomes. This includes experience with various industries and use cases.

Skill level

Master

Steps to acquire this certification
Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
