HPE Solution Certified – SAP HANA

This certification verifies that you can architect solutions using HPE solutions for SAP HANA as well as service offerings and deployment options to help your customers achieve business outcomes.

Earning this certification validates that you can:

- Explain the SAP portfolio.
- Articulate the strategic benefits of SAP HANA solutions.
- Understand SAP HANA certification requirements.
- Plan and design HPE-optimized solutions for SAP HANA.
- Recommend the best HPE GreenLake options for SAP HANA.

Why earn this certification?

- To increase your credibility as an IT professional with SAP HANA technological acumen.
- To differentiate yourself as an expert who can offer customers value using HPE solutions for SAP HANA.
- To advance your career and enhance your job satisfaction as an HPE Solutions Certified Expert in SAP HANA.
- To become a part of a growing community of fellow HPE certified professionals who network and share best practices.

Candidate

Typical candidates for this certification are solution architects who have a broad understanding of SAP solutions and concepts, to architect and design an SAP HANA solution as part of an overall SAP environment. Candidates typically define business needs, propose, and may deploy the solution.

Skill level

Master

Steps to acquire this certification

Before you begin

Acquire access to The Learning Center and get an HPE Learner ID. If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

Register for this certification in The Learning Center. This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

Digital Badge

Based on the Open Badges Standard, digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. Click here for more information on HPE digital badges.
