

HPE Solution Certified – Virtual Desktop Infrastructure

This certification verifies that you can display competency with multiple VDI technologies and VDI deployment models. You will also be tested on your understanding of automation, management, and orchestration tools relevant to VDI in order to optimize resiliency, availability, performance, deployment, and manageability.

Additionally this certification validates that you can explain VDI concepts, describe VDI solutions, describe the HPE portfolio as it relates to VDI, plan a solution based on customer requirements, and design and size an appropriate solution.

Why earn this certification?

- To increase your credibility as someone who can offer customers value with HPE-driven Virtual Desktop Infrastructure (VDI) solutions
- To differentiate yourself as a knowledgeable in the latest VDI technologies, including Citrix, VMware, Teradici, Licensing considerations
- To advance your career and enhance your job satisfaction as an HPE Solution Certified professional in VDI Solutions
- To become a part of a growing community of fellow HPE certified professionals who network and share best practices

Candidate

Typical candidates for this certification are solution architects with experience gathering and evaluating customers' stated requirements to architect and design a solution that delivers the desired user experience for desktop applications which may span different VDI technologies depending on the workloads.

Skill level

Master

Steps to acquire this certification

Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

Step 2: Verify and complete all prerequisites and requirements for your chosen path:

Requirements for candidates new to this certification

There are no prerequisites for this path.

Complete:

Exam #	Exam name	Register for exam
HPE2-B02	HPE Virtual Desktop Infrastructure Solutions	Register

Recommended Training

Course #	Course Name	Format – Typical duration	Register for course
Training for Exam HPE2-B02: HPE Virtual Desktop Infrastructure Solutions			
0001200318	HPE Virtual Desktop Infrastructure Solutions, Rev. 23.11	WBT-PDF – 2 days 4 hours	Register

WBT = Web Based

ILT = Instructor Led

VILT = Virtual Instructor Led

VCR – Virtual Class Recorded

SCA = Special Course or Activity

Requirements for recertification

You must have:

Digital Badge

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
